-MUHAMMAD ALI

Welcome!

Hello! As a professional drummer for over 30 years, I've been able to hear myself on the radio, see myself on television, and play sold-out shows in some of the

RICH REDMOND

world's most iconic venues. I have toured, recorded, and/or performed with: Jason Aldean, Garth Brooks, Ludacris, Kelly Clarkson, Bryan Adams, Bob Seger, Chris Cornell, Joe Perry, Jewel, Miranda Lambert, Keith Urban, Dolly Parton, Derek Trucks, Chris Stapleton, Florida Georgia Line and many others.

I've recorded drums and percussion on twenty-six #1 singles with sales well over the twenty million mark. You can even hear me on the radio every day, around the clock, with a reach of one billion ears. As a high-energy live showman, I perform sold out shows nightly in amphitheaters, arenas, and stadiums across the world, reaching over two million fans per year. Some of these venues include Madison Square Garden, The Hollywood Bowl, Fenway Park, Wrigley Field, Red Rocks, The Gorge, The Rose Bowl, Levi Stadium, Gillette Stadium, and countless NFL stadium and MLB parks.

I've appeared multiple times on television shows such as *Saturday Night Live*, *The Voice*, *American Idol*, The Grammy Awards, *The Tonight Show* (with Leno, O'Brien, and Fallon), *The Today Show*, Conan O'Brien, Jimmy Kimmel, Craig Ferguson, *Good Morning America*, *Ellen*, The CMA Awards, ACM Awards, CMT Awards, and ACA Awards, as well as being prominently featured in twenty popular music videos. I've produced three #1 hits for the groups Thompson Square and Parmalee.

As a songwriter, I've celebrated three #1 songs with Australia's The Wolfe Brothers.

As the touring and recording drummer with Jason Aldean, I've been a part of changing the sound of modern country rock music. Jason is the three-time Academy of Country Music "Entertainer of The Year" and the most downloaded male country artist of all time. To have been

C.R.A.S.H. COURSE FOR SUCCESS

part of this journey, playing every state in the U.S. and sixteen other countries, is an incredible feeling.

To top it all off, I was named “Country Drummer of The Year” in *Modern Drummer Magazine* (the most prestigious drum publication in the world) in 2010, 2015, 2016, 2017, and 2018. I played in the prestigious 1:00 Lab Band at The University of North Texas and received my Master’s Degree in Music Education.

I combined my academic training and real-life experiences with the heart of a teacher to bring my “CRASH! Course for Success” motivational drumming to corporate events around the world. Some of my clients include: Cisco, Johnson and Johnson, Hewlett-Packard, Microsoft, Alestra, Tri-Star Healthcare, Amerifirst Financial, Adtran, Unified Bank, The Grammy Camp, and many others.

So why do I share all of this with you? Through hard work and persistence, I achieved the dreams of my youth. I want everyone to accomplish their dreams in life just like I did, and that is why I created this system for success, called CRASH!

CRASH! is an easy-to-remember acronym that stands for:

The CRASH! Elements

RICH REDMOND

CRASH! can work for anyone from children to adults, and will allow you to create success in your personal and professional life.

I use a talk-play-talk-play format when presenting my CRASH! concept to audiences, but real life isn't that methodical or streamlined. So, in addition to talking about each element on its own, I also show how the CRASH! elements interconnect by sharing stories of how I applied CRASH! in different periods of my own life. You can use my life as a model for how these concepts will help you achieve your own dreams.

SUCCESS IS NEVER GUARANTEED

A View of Success from My Perspective

Following the CRASH! formula will not *guarantee* your success in life, but I do believe that following the formula

will stack the odds in your favor. Conversely, *not* following it will deprive you of a proven road map for success.

In my experience, people who show unshakeable Commitment to their dreams, their craft, and their Relationships while maintaining a positive Attitude and rejecting complacency are the ones who tend to be “lucky” enough to be in the right place at the right time.

While luck, God, or your version of a higher power will influence how your life unfolds, *you* play a huge role. You have a lot more power than you think. You will also have to work harder than you imagine. There’s a saying that’s been around for a long time: “The harder you work, the luckier you get.” Variations on this saying have been attributed to Thomas Jefferson, Steven Leacock, Samuel Goldwyn, and others. The CRASH! formula gives you a method for working hard, executing your plans effectively, and transforming your life.

DESTINATION SUCCESS

Imagine that you are the driver of a car starting a journey toward a destination called Success. What if you had a system that would:

- Give you a road map to that destination
- Teach you how to fine-tune your car to optimize its performance
- Help you figure out the type of fuel you are using and where to find it
- Guide you to become a better driver during the actual race
- Encourage you to relate to the other drivers to help them become successful
